

MAX Shopping Center

HORNEX

Location: Trnava
Contract Value: 12.17 mil. EUR
Completion: 08/2004

New shopping centre was constructed on the grounds of former Bratislava automotive plant industrial estate. There are two main blocks with 13 800sq.m of floor area and a car park for 343 cars within the compound of 22 000sq.m. A primary structure is made of steel and facade is made of lightweight external wall.

We were appointed as the main contractor and carried out all the works including enabling and demolition works.
